

## **Kofi Banful**

Kofi Banful is the Senior Pastor of Praise Chapel in North West London. His anointed teaching ministry is founded on Hosea 4:6a, *“My people are destroyed for a lack of knowledge”*, a word God impressed upon his heart.

He has developed his God-given gift for unravelling the Word of God with extraordinary clarity. He does this in a dynamic humorous and practical manner, which leaves an indelible impression wherever he ministers.

Prior to founding Praise Chapel, he served as an Associate Pastor for a large Charismatic Church in London for several years and his teaching and preaching gift became widely recognised while he was there.

Kofi’s wider vision, to be *“witnesses of Christ to the ends of the earth”* (Acts 1:8), has already borne fruit with Praise Chapel supporting several missions projects in different parts of the world. This is yielding wonderful results with many young people and their families embracing the Gospel of our Lord Jesus Christ.

His wife, Jayne works alongside him and they have two children, Siobhan and Sinead.
